

PANTHERA 240

4X4 OFF-ROAD CAMPER

> INTERIOR LAYOUT

Option 1: Dinette with swivel table (converts to bed)

Option 2: Curved couch with swivel table (converts to bed)

THE PANTHERA GENUS, WHICH INCLUDES THE TIGER, IS THE LARGEST OF THE CAT FAMILY DATING BACK 6.5 MILLION YEARS AGO.

Like the genus, the PANTHERA is made for strength and long-lasting durability. Built on a F-350 or 450, the unibody design includes aluminum tubing and plate connections in strategic locations to the chassis creating a powerful permanent mount system. Fiberglass fairings are aerodynamic and provide a very quiet ride. PANTHERAs also include one-piece, seamless heavy duty fiberglass exterior walls that include insulation, in addition to insulation inside.

Key Standard features include: overhead queen bed (option: king, north-south), 6'8" headroom, spray foam insulation, 50-g freshwater, Rixen's Hydronic Heating System, AC with soft start, 400AH lithium (option: up to 1,200ah or generator), 600-watts solar, coach rock guard system, Arctic Tern windows, and Tiger's signature large pass-through between the camper and truck.

> VEHICLE DIMENSIONS

Exterior Width 7ft	Exterior Height 10ft 3in	Overhead Bed Height 33in
Exterior Length 22-24ft	Interior Width 6ft 6in	Interior Height 6ft 8in
Dry Weight 10,000-12,000 lbs	* final dimensions dependent on chassis
