

PANTHERA 200

AGILE, LIGHTWEIGHT, & COMPACT

› INTERIOR LAYOUT

Option 1: Dinette with swivel table mount

Option 2: Curved couch with swivel mount table

THE PANTHERA GENUS, WHICH INCLUDES THE TIGER, IS THE LARGEST OF THE CAT FAMILY DATING BACK 6.5 MILLION YEARS AGO.

Like the genus, the PANTHERA is made for strength, agility, and long-lasting durability. All Panthera models are built with the rigid unibody design using aluminum tubing and plate connections in strategic locations to the chassis creating a powerful permanent mount system. The Pantheras also include fiberglass fairings for a quiet ride, one-piece heavy-duty fiberglass exterior walls (specifically made for Tiger) and over 2" of insulation for true 4-season use.
